Nature's Paradise

"Where Nature Meets Experience"

Resort | Farm | Adventure

ABOUT THE PROJECT

- A unique destination combining **luxury resort living, organic farming, animal experience, and adventure entertainment** – all in one place.
- Perfect for **families, tourists, school trips, and nature lovers.**

RESORT & AMENITIES

- Premium Rooms & Nature Cottages
- Swimming Pool Experience
- Garden Sitting & Relax Zones

- Bonfire & Night Activities
- Kids Play Area
- Family & Group Stay Packages

ANIMAL FARMING EXPERIENCE

Buffalo Farming (Tabello)

Experience traditional buffalo farming, also known as *Tabello*, where visitors can see daily dairy operations. Learn how buffaloes are cared for and how high-quality milk is produced in a natural village environment.

Horse Farming Experience

Get close to beautiful horses and enjoy a unique **farm interaction experience**. Visitors can observe horse care, feeding, and even enjoy guided rides (if available).

Donkey Farming (Donkey Milk for Sale)

Get Discover the rare and valuable **donkey farming practice**, known for its highly nutritious milk. Donkey milk is available for sale and is valued for its health and skincare benefits

Cow Farming

Explore our well-maintained **cow farm**, focused on natural and ethical dairy practices. Visitors can understand traditional methods of cow care and milk production.

- **Fresh Cow Milk**

Enjoy **pure, fresh cow milk** directly from the farm. Rich in nutrients and free from harmful additives, it promotes a healthy lifestyle.

- **Pure Cow Ghee**

Taste the richness of **authentic cow ghee**, made using traditional methods. Known for its aroma, purity, and health benefits, it is a key highlight of our farm products.

AGRICULTURE ZONE - Tulsi Farming

Cultivation of **Tulsi**, a sacred and medicinal herb widely used in Ayurveda. Known for its immunity-boosting and healing properties, Tulsi farming supports herbal product production and promotes natural wellness.

Kerda Pickle (Ker) Farming

Farming of **Ker berries**, traditionally used in making *Kerda pickle*, a popular delicacy in Rajasthan & Gujarat. This drought-resistant plant thrives in dry climates and adds value through processed food products.

Sargvo (Moringa) Plantation

Plantation of **Moringa (Drumstick tree)**, often called a “superfood tree.” Rich in vitamins and nutrients, its leaves, pods, and seeds are widely used in food and health supplements.

Amla Farming (Indian Gooseberry)

Cultivation of **Amla**, a powerful source of Vitamin C. Used in juices, powders, and Ayurvedic medicines, it supports immunity, digestion, and overall health.

Ayurvedic Tree Plantation

Growing a variety of **medicinal and Ayurvedic plants**, used in traditional healing systems. This area promotes awareness of natural remedies and sustainable herbal practices.

Vertical Farming Technology

Modern **vertical farming systems** that grow crops in stacked layers using minimal space and water. This innovative method ensures higher yield, efficient resource use, and year-round production.

100% Organic Farming

All crops are grown using **organic methods**, without harmful chemicals or pesticides. This ensures safe, healthy, and environmentally friendly food production.

JURASSIC WORLD PARK

- **Dinosaur Theme Park**
- Life-size **realistic dinosaur models** with movement and sound
- Special lighting and effects for a thrilling prehistoric feel
- Educational information boards about different dinosaur species
